

According to a Duke University study, the demand for Business Analysts is expected to grow 27% in the next five years. Certification by the International Institute of Business Analysis (IIBA™) will help you seize the opportunity and excel.

Our two-day training program will help you prepare for and pass the Certified Business Analysis Professional (CBAP®) examination using the new, 2.0 version of the Business Analysis Body of Knowledge (BABOK®). We will help you integrate your experiences with the BABOK to understand how the tools and methods should be applied. Retention will be much higher than simply trying to memorize formulas, techniques and multiple choice questions.

Who Will Benefit:

This seminar **is not** a “boot camp” for beginners. You will benefit most if you have:

- Fulfilled your IIBA experience requirements or
- Completed Rutgers' *Business Analysis Excellence* or *Critical Skills Certificate Series*
